

MEMORANDUM

July 6, 1943

For: Van

From: D.

Could you kindly pass on word in confidence to Brun in your Consulate in Geneva, that I know all about a man who goes under the name of Salembier, who is working with Brun on the release of some funds held through a British bank, and that I have the greatest confidence in Salembier and would be glad to do anything I can to facilitate his obtaining funds to keep him and his family going here in Switzerland. He is useful to us in many ways, *(not typed) but is not the type of person who wishes to accept money.*
